Women Enabled International (WEI) and Sisters of Frida (SOF) jointly submit this report for consideration during the third Universal Periodic Review of the United Kingdom of Great Britain and Northern Ireland. WEI advocates and educates for the human rights of all women and girls, emphasising women and girls with disabilities, and works to include women and girls with disabilities in international resolutions, policies, and programs addressing women's human rights and development. SOF is a disabled women's collective in the UK, bringing disabled women together, mobilising and sharing through lived experiences.
