**Copenhagen October 3. 2017.**

The Danish-Cuban Association (Dansk-Cubansk Forening) was founded on October 1968.

It is the goal of the organisation "to deepen knowledge in Denmark about the Cuban society and the Cuba revolution. And to develop relations between Denmark and Cuba in social, trade-union, economic and cultural areas. On a broad platform we work to strengthen Danish solidarity with the Cuban people."

We have 800 individual members and 7 tradeunions and political parties as collective members.

We organize study-trips to Cuba and do a broad variety of information- and cultural activities in Denmark.

On behalf of the board of Dansk-Cubansk Forening

*Sven-Erik Simonsen*  
president
